

ELEVATING YOUR SAFETY SKILLS WITH PASMA FOR MANAGERS

When it comes to working at height, safety is of paramount importance. That's where PASMA (Prefabricated Access Suppliers and Manufacturers' Association) comes in with its comprehensive training programs. In this blog post, we'll delve into PASMA Towers and its specialized offering for managers – PASMA for Managers.

Understanding PASMA Towers

PASMA Towers is a recognized and respected training program for those who work with mobile access towers and scaffold systems. It is designed to ensure that everyone involved in tower operations understands the legal and practical responsibilities associated with this
