

Video Interview Platform

Video Interview Platform

The best option for firms wishing to conduct Technical and Non-Technical interviews with candidates is our [Video Interview Platform](#) with Inbuilt ATS, InCVid. It not only facilitates live interview contacts, but it also has a real-time feedback system and a live code compiler to evaluate a candidate's coding abilities. Our fully automated exit interview technology, InCExit, conducts exit interviews using a pool of qualified psychological and behavioural interviewers. Hire pre-vetted personnel using InCSource. Easy-to-use workforce solution for both long-term and short-term projects using our database of more than 1,000 pre-vetted workers on a single platform.
