

Chicken Fried Steak & Gravy

Chicken Fried Steak & Gravyaa

Growing up, I remember going to Chili's restaurant with friends and my favorite dish to order was their Chicken Fried Steak. Chicken Fried Steak & Gravy. It's not exactly the healthiest dish so ordering it was always a reason to splurge and cast any healthy meal choices for the day. It's been ages (years?) since I had Chicken Fried Steak, because I don't particularly fry food very often. To know more: <https://whatscookinchicago.com/chicken-fried-steak-gravy/>
