So, you're in the right place if your crush has ever told you, "She just wants to be friends but she likes me." Let's explore these mixed signs and figure out how to deal with them in the confusing world of dating and relationships.

## SHE JUST WANTS TO BE FRIENDS BUT SHE LIKES ME

It can be emotionally hard to figure out what to do when someone says they want to be friends, but their actions show that they don't. It's like figuring out a secret message, leaving you with hope and doubt. These mixed messages can make you feel and think many different things, like wondering if you're misreading the signs or if you should take a leap of faith.

This ride on a roller coaster is nothing new; many people have been right where you are. It's normal for people to go through this when they're dating or in a relationship. But remember that it's also a chance to learn and grow.

In the following parts, we'll talk more about the signs that often come with this strange situation. We'll look at the minor signs that could mean she thinks about more than friendship.

Even though there are no surefire answers to matters of the heart, understanding these signs can help you make better choices and guide your emotional journey to fit your wants and goals. So, hold tight as we figure out the mixed messages and how to get through this complicated web of feelings.

## DECIPHERING HER SIGNALS SHE WANTS TO BE FRIENDS BUT LIKES ME

When "she just wants to be friends but she likes me," it's time to play a little spy. You can learn a lot about her by figuring out what she means by what she says and how she acts. Let's try to figure out how to read these mysterious signs.

### Reading Between the Lines

#### Verbal Cues

Listen carefully to what she says and how she says it. Sometimes, the words she chooses can express more than she wants to. Listen for hints, praise that could be more obvious, or playful teasing that goes beyond just being friends. Phrases like "I enjoy spending time with you" and "You're such a great friend" can have secret meanings.
