

Premium Roofing Solutions with Ashbury International. Beauty, Durability & Performance.

When it comes to transforming your home or commercial property, the roof plays a vital role—not just in protection, but in creating a lasting impression. At Ashbury International, we bring you world-class roofing shingles and metal shingles that blend elegant design with unmatched durability.

Why Choose Ashbury International?

With years of expertise in premium roofing solutions, Ashbury International is a trusted name in the roofing industry. Whether you're a homeowner, architect, or builder, our innovative roofing products are engineered to meet the highest standards of aesthetics and performance.

1. Architectural Shingles for a Timeless Appeal

Our asphalt roofing shingles are designed to replicate the look of natural slate or wood shake, offering a classic finish without the high maintenance. Perfect for both traditional and modern homes, they are UV-resistant, waterproof, and built to withstand extreme weather.

2. Metal Shingles – The Future of Roofing

Looking for strength, longevity, and style? Our metal shingles provide excellent thermal insulation, fire resistance, and a sleek, modern appearance. With minimal upkeep and a lifespan of over 50 years, they're a smart investment for any property.

3. Wide Range of Designs and Colors

We offer a variety of shades, textures, and profiles to suit every architectural style. Whether you're enhancing curb appeal or undertaking a major renovation, you'll find the perfect roofing solution at Ashbury.

4. Expert Guidance and Pan-India Availability

Our team provides expert advice, from material selection to installation support. We proudly serve customers across major cities like Pune, Bangalore, Dehradun, and beyond.

Build Better Roofs with Ashbury International

Don't settle for ordinary. Choose Ashbury International for roofing solutions that are built to last, look stunning, and deliver exceptional performance.
