

it may not be much to look at but at 9,000 years old, this is the world's oldest tree

The world's oldest tree, a 9,500-year-old Norwegian Spruce named "Old Tjikko," after Professor Leif Kullman's Siberian husky, continues to grow in Sweden. Discovered in 2004 by Kullman, professor of Physical Geography at Umeå University, the age of the tree was determined using carbon-14 dating.
