### Vietnam Waterproofing Chemicals Market Trend:

**Sustainable Construction Solutions Gaining Traction** – There is a growing emphasis on sustainable construction practices in Vietnam, including the use of eco-friendly and energy-efficient building materials. This trend extends to waterproofing chemicals, with rising demand for products that minimize environmental impact and promote sustainability, as these chemicals contain fewer petrochemicals as compared to other specialty chemicals.

In addition, sustainable waterproofing solutions incorporate recyclable and biodegradable materials that minimize waste generation and promote resource conservation. Waterproofing chemicals made from renewable resources or recycled materials contribute to a circular economy approach, aligning with Vietnam's goals for environmental stewardship and waste reduction, which is anticipated to enhance the size & growth of the market during the forecast period.

### Leading Companies in the Vietnam Waterproofing Chemicals market:

- Sika Vietnam
- BASF Vietnam Co. Ltd.
- Drymas Vietnam Co., Ltd.
- Henkel Adhesive Technologies Vietnam Co., Ltd.
- Schomburg Vietnam Co., Ltd.
- Nohara International Pte Ltd.
- Penetron Vietnam Co. Ltd.
- The Dow Chemical Company
- Soprema Group
- B. Fuller International Inc.
- others
