

Spot the two differences in the image of the boy writing notes in the notebook.

We continue preparing these thematic notebooks to work on the attention that you like so much, in this case it is the classic game of differences, with the particularity that we have included up to find the two differences and the solutions.

Try your mental skills and see if you can see them obviously. Getting involved in finding the differences in optical illusion.

We offer a nice opportunity to enlarge your eyesight memory and mental abilities.
