Understanding Fashion Designing Course Fees

The cost of a Fashion Designing Course can vary based on several factors such as duration, course level, study mode (online/offline), and facilities provided. At Edu Brain Academy, students can choose from diploma, advanced diploma, and degree-level programs.

1. Diploma in Fashion Designing

Duration: 6 months to 1 year

Fees: ₹60,000 — ₹1,00,000

This is a beginner-level program ideal for students right after school or for anyone exploring fashion design as a career. The course covers basic design concepts, garment construction, and fashion illustration.

2. Advanced Diploma in Fashion Designing

Duration: 1 to 2 years

Fees: ₹1,00,000 — ₹1,80,000

The advanced diploma digs deeper into advanced design techniques, textile study, CAD (Computer-Aided Design), merchandising, and portfolio development. This course is suited for students aiming for mid-level roles in the industry.
