

Stephen Curry is sending a subtweet????? after the ???? of Klay Thompsonaa

The Dallas Mavericks have made a ?????f?????move by adding Klay Thompson, a seasoned ?ete??? with multiple championships under his belt,to their roster. Thompson's addition is expected to complement the existing talents of Kyrie Irving and Luka Don??i? under Jason Kidd's system. However,while one major gap is filled, another has emerged.The Golden State Warriors, having ??q???ed BuddyHield, still f???e ???e?t???t? regarding how well he will mesh with Stephen Curry and fit into SteveKerr's system.

This season will be the first in a long time thatStephen Curry will play without Klay Thompson byhis side. With Thompson now part of the Mavericks,Coach Steve Kerr is t??ked with developing his younger players to fill the void left by the de????t???eof the elite ??oot??? ???d. Despite some fans andanalysts expressing do??t? about the Warriors'ability to thrive due to Curry's age, he is embracingthe ?????e???e with optimism. Curry, along withCoach Kerr, is motivated by the ?ke?t????msurrounding their ?????e? and is determined toprove their doubters w?o??, as reported by People.

"I love the fact that people don't think we can keepthe pace with some of the other teams that they'repicking in the we?t. And I just love that ?????e???eof stepping into a training ??m? and being able tocreate your own success — that gets me going,"Curry said.

A big experience ?oo?t for the Warriors ?e?e?d

John David Mercer-USA TODAY Sports

When players and dynasties of the past start toshow signs of aging, it's usually backed by substantial e???de???e. However, Stephen Currydefied those expectations with a stellar ?e?fo?m????e for Team USA at the Olympics. TheWarriors ?e?e?d showcased his enduring ??owe???by leading the ??o????? charts for the American team, averaging 14.8 points per game t???o????o?t the Summer Games in Paris. His ?m???e????e display of skill and athleticism underscores that he is far from past his prime.
