## 1311 CIC : 111: Z : : : HOW THE COID WEATHER HEEZES THE HSH HI PIACEAA

Some of the fish ?t??d upright, f?oze? in solid ice, as if ?????t in motion and preserved in this surreal scene. The phenomenon is likely ????ed by extremely cold weatherconditions that rapidly freeze the water and t??? the fish in place.

It is truly ?t????e and mesmerizing to w?t?e?? the sight of fish f?oze? in the middle of a lake due to the ????? weather. In an astonishing moment, these creatures were ???t??edby the ??t??? cold of winter, as temperatures ?????ed to ext?eme lows, causing the water's surface to freeze instantly.
