

## In a ?e??t?to?????e, the Children Ride a Turtle with a Tiger on Its Tail aa

The children clung de??e??te?? to the turtle's ?o??? shell, their faces pale with fe?? as they sensed the d???e? behind them. Each second felt like an eternity as the menacing growls of the tiger grew louder, echoing through the trees and sending shivers down their spines.

The turtle, fully aware of the ???e???, ???ed itself to move faster, but its steady pace was no match for the ??ed?to?'s swift, ?e?e?t?e?? strides. ????? filled the children's eyes as they glanced back, only to see the tiger drawing ever closer, its gaze ?o?ked on them, muscles tensed for the final ?o????e.
