

Dollar and Bitcoin Surge as Donald Trump Wins 2024 Presidential Electionaa

Donald J. [Trump](#) has secured a second term as President of the United States, surpassing the required 270 Electoral College votes and defeating Vice President Kamala Harris. Trump claimed victory with 312 Electoral College votes, reflecting a strong performance in traditional red states as well as several critical swing states. His success signals a significant shift from the 2020 election, as key states aligned with Trump's vision and agenda.
