

Carbonxt Secures \$24M Contract Extension with Reworldaa

Carbonxt

Group Limited has secured a \$24 million contract extension with

Reworld, reinforcing its position in the clean technology sector. This

extension underscores the demand for Carbonxt's advanced activated

carbon solutions, which contribute to emissions reduction and

environmental sustainability. The extended partnership will allow [Carbonxt](#)

to support Reworld in addressing critical environmental challenges

effectively, marking a significant milestone for Carbonxt's growth and

its commitment to innovative solutions.
