

# 11 Best States for Retirees To Retire in 2023

Cost of living, taxes, and healthcare are probably at the top of your mind if you're thinking of retirement.

A robust retirement financial plan isn't enough on its own. You must find the most suitable environment to thrive in and maximize your savings long after you stop working.

With 50 states in the US, choosing the best place to live after retirement can be challenging. It's even harder to leave your home state and adapt to a new community a thousand miles away.

However, the important question is, which state offers the best conditions, and which should you settle in?

This article dives into the best states for retirees. Whether you're concerned about healthcare, climate, or social security benefits, we've got you covered. We'll also talk about the worst states to retire to and the factors to consider when choosing a state.

## The Best States for Retirees To Retire

We've narrowed the search from 50 to 11 states to help you in your quest to find the best place to live after retirement.

Many retirees opt to go abroad, where the dollar has a higher purchasing power, but these 11 states allow you to maximize your money while living near your family and friends.

### 1. Florida

Florida is one of the most popular destinations for retirees in the US for several reasons.

Firstly, Florida doesn't impose a state income tax, so you can significantly save money over time compared to other states.

Another factor that makes Florida attractive is the year-round warm climate. Say no to harsh winters, which may affect your mental and physical health.

The large population of seniors in Florida has improved the state's affordability and healthcare quality.

Whether you require round-the-clock care or simply need to monitor a few symptoms, the Sunshine State has qualified professionals at your beck and call.

### 2. Delaware

If you search for the best states for retirees in the US, chances are you'll come across many sites singing Delaware's praises.

Delaware is a popular choice, especially if you want to save money on taxes. Delaware doesn't have inheritance and estate taxes, and it also doesn't have Social Security income taxes.
