

# Condiment Sauces Market Trends and Growth by 2030aa

The trend for international cuisine has gained huge popularity, which, combined with the fact that people prefer to cook at home rather than eat out, has given rise to robust growth in the global market of condiment sauces. Among these, ketchup, mayonnaise, mustard, hot sauces, and specialty sauces enhance the flavor profile of most cuisines and are the most sought-after among all other houses, restaurants, and [service establishments](#). The condiment sauces market size is estimated to grow to US\$ 32,758.06 million by 2030; it is expected to register a CAGR of 5.2% from 2022 to 2030.

## Condiment Sauces Market Segmentation

The Condiment Sauces Market is segmented as listed below:

### By Type

- Ketchup
