

# Comparison is the Thief of Joy: What This Means for Your Money!

Reading Time: 10 minutes

You've probably heard this expression before "comparison is the thief of joy." It's a simple thing to say, and it's easy to brush it aside, assuming the information is meant for someone else.

But wait – could comparison be stealing the joy from your own life? Is it possible that this warning applies to all of us? Yes, and it is often the #1 thing that gets in the way of reaching our financial goals.

Find out where this quote came from, what it means, and how you can live without comparison and enjoy your life a whole lot more!
